Message from Vice Chairperson Dr. Samea K. Ahmad

The Holy Prophet ﷺ said, **He who removes from a believer one of his difficulties of this world, Allah will remove one of his troubles on the Day of Resurrection; and he who finds relief for a hard-pressed person, Allah will make things easy for him on the Day of Resurrection.** Sahih Muslim

COVID19 has exposed vulnerabilities; deaths, health emergency, wider learning gap, emotional /mental disorders, unstable economy and job loss. We already have 22.5 million children out-of-school and when the global pandemic hit, over 50 million school going children have been unable to attend school for past 4 months as the government advised the school closures to ensure health and safety of teachers and students. This is a time for pragmatism and quick action; but it's a moment when more than ever we need mutual needs & collaborative efforts. Nor we can operate without a philosophy. Decisions must be based on humanistic vision of education and human rights framework.

There has been remarkable innovation in the education sector in the response of COVID19 crisis. Online education platform proved to be most engaging with students, parents & communities. But Pakistan needs to have a resilient educational policies, strategies and online systems to support transfer of knowledge in future unprecedented times.

However, the vast majority of TMF's 50+ schools are in rural areas, our

POST COVID-SCHOOLING

— WELCOME —
BACK TO
SCHOOL

The prolonged disclosure of schools has put the entire education system into a deeper crisis, such as wider learning gaps and social/ mental/ physical well-being. TMF is still trying to recover from this learning gap that impacted the students at all levels-primary to university.

This unprecedented change has halted the continuity of education, forced us to rethink how education system can be sustainable and provides us opportunity to innovate learning methodology and equip students with cognitive, creative, social and emotional skills for future.

Graded Home Assignment

All schools were provided with "Graded Home Assignment Packages," subject wise to each student every fourth night. Once these assignments were returned, teachers issued the next assignment and shared and discussed the result of the previous assignment with the students.

Students Back to School

We re-opened schools on September 25, 2020 by implementing strict precautionary measures inside the school around these key areas:

- Reducing class size by 50%
- Wearing face masks
- Discontinuing assemblies
- Maintaining 2 meters distance & no handshaking
- Students required to bring their own lunch & water bottle
- Closing school canteen and discouraging sharing of lunch
- Daily health checks
- Encourage frequent hand washing among students
- Daily cleaning of classrooms (floors, chairs, tables etc)
- Adhering to all government and health SOP's

Ratwal Cadet College

TMF is proud to announce a unique initiative to sponsor the Ratwal Cadet College (RCC). RCC will commence in a purpose built campus and grounds spread over 230 kanals at the Tameer-e-Millat City of Education, Ratwal. It's mission is to impart quality education in a structured learning environment with emphasis on intellectual, spiritual, and moral grooming of cadets personality. The educational philosophy at RCC will revolve around the wholesome development of the cadets to become useful members of society by means of abilities & capabilities instilled in them. Registered under the Rawalpindi Secondary Education Board, RCC offers SSC and HSSC

in Science (FSC- Pre-Eng, Pre-Medical & ICS) and Arts. RCC aims to develop in their cadets a balanced personality around core values of sound character, absolute integrity, intellectual superiority & deep commitment to purpose with honesty. The RCC will utilize the double stored Academic Block comprising of sufficient class rooms and lecture halls. It also has an independent Residential Complex, Mess, Islamic Center, Central Library and Labs (computer & science). RCC has a structured Physical Fitness program in-line to develop them as overall multidimensional balanced selves with optimum agility of body & sharpness of mind. It is offering various physical development programs which includes; sports, adventure training, endurance building events, indoor and outdoor clubs.

This year, TMF introduced the STEAM educational approach in some of its schools; Maria Helena School (Sugial), Sardar TM Model School (Kamalia), TM Model School (Skardu), TM Model School (Daryala Jalip) and TM Model School (Khewra). The STEAM system brings together these five disciplines to create an inclusive learning environment that promotes engagement, creative involvement, critical thinking and problem solving to empower our students to deepen their interests and knowledge in science and mathematics.

2020 Board Results

In March 2020, the Pakistan Board of Examination cancelled the papers of SSC (9th & 10th) and HSSC (11th & 12th) as precautionary measures to control the outbreak of COVID19. It was decided that students will be promoted to next grade on the basis of their previous year's result. 9th grade and 11th grade marks would be reflected on 10th and 12th grades respectively. The decision favoured some students and not others. This year, regular exams will commence according to schedule starting from May 20, 2021.

TMF School Goes Solar

Iman Din TM School, Mian Channu is taking steps to go green and reduce its carbon footprint. Solar electricity is the most viable power solution for our country. To decrease the environmental impact and combat rising costs, TMF has partnered with SKYELECTRIC for the installation of solar panels in this school. This project will generate 42.03 MWh/year (42,030 kWh/year) which is equivalent to displacing 21 tons CO2/year. In addition, any surplus energy will be resupplied back to the grid system, further reducing costs. TMF aims to achieve a better and sustainable future for all our schools.

Ms. Shamim Bhutta
Founder Principal

25 years of service

With a humble start in Munir Arshad Tameer-e-Millat Higher Secondary School Multan from 1995, with just 12 students to over thousands today, there is immense hard work and sheer commitment behind this achievement. With heart felt felicitations, TMF honours Ms. Shamim on this momentous silver jubilee of service to our nation.
